Exciting news about www.crystalquarters.com

Crystal Quarters is happy to announce the launching of our newly re-designed website www.crystalquarters.com. The new and improved, user-friendly interface makes it easier than ever to navigate through the website to view the photo gallery of beautiful apartments we have to offer, check on rooms availability and even book your own stay online. We have introduced much more color and graphic content and redesigned the website to more accurately reflect the look that Crystal Quarters Corporate Housing currently has and the direction we will be moving in the future. We are also introducing many new interactive content features that our customers expect from a world-class corporate housing company. This extremely dynamic website is packed with new features such as:

- *On-line Booking Capabilities*
- *Registering for our New Rewards Program*
- *Browse through our vast photo gallery*
- *View Current/Previous Client Testimonials*
- *And much more...*

We hope you will find the new website attractive, useful and easy to navigate, and of course as always, we welcome any comments and suggestions you may have on how we can further improve it.

Spring is in the air...

It's that time of the year again...spring! Time for spring cleaning, spring break, and most importantly the National Cherry Blossom Festival. Held annually in the Nation's Capitol, the Festival was expanded to two weeks in 1994 to accommodate a *diverse* activity schedule during the trees' blooming. Tourists enjoy a great variety of activities such as sports, performances, tours, and food-related events as well as many free events. Today, more than a million people visit Washington, DC each year to admire the blossoming cherry trees and attend events that herald the beginning of spring in the Nation's Capital.
